

## STEROSCALE L

### *Concentrated Liquid Acid Cleaner and Milkstone Remover*

#### Technical Data Sheet

##### DESCRIPTION:

**STEROSCALE L** is a low foaming, heavy duty liquid rinse and descaler, for use in the dairy industry (milking farms/cow sheds, milking machines, pipelines, bulk tanks, etc.).

**STEROSCALE L** dissolves formations of milkstone and hard water stone in the dairy industry.

##### FEATURES & BENEFITS:

STEROSCALE L is suitable for CIP and open systems as well as for manual applications. STEROSCALE L is highly acidic and effective in removing inorganic soils, proteins & starches. This product is suitable for automatic dosing systems.

##### SPECIFICATION:

Appearance:	Clear Liquid
Colour:	Colorless
P <sup>H</sup> (1% sol.)	1.0-1.5
Bulk density	1.378 – 1.385

##### METHOD OF USE IN THE MILK INDUSTRY:

1. Use Steroscale L as a stone remover once to twice a week depending on the hardness of water.
2. Dissolve 0.5-2.0% of **Sterosclale L** in water at temperature of 40-80°C and circulate solution (appx. 10-20 mins.) until the removal of the stone. At the end of the procedure carefully rinse with water.

##### SAFETY and STORAGE INSTRUCTIONS:

Read label instruction before use ! Keep out of reach of children.

After contact with skin, wash immediately with plenty of coldwater. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable gloves.

Wear eye protection. Should be stored in closed containers. Store in cool dry place .Keep away from animal feedstocks, children and animals. *Full MSDS available upon request.*

##### Packing:

Packed in various packaging sizes including 20 litre jerrycans and 200 litre drums.
